

BOW HABITAT STATION 2021-22

# Grade One Program

Through inquiry and exploration, our programs encourage students' curiosity while supporting Alberta Education's Programs of Study.

## SENSE-ATIONAL (HALF-DAY PROGRAM)

**2.5 HRS**  
**Indoors** | What does a trout spy with its little eye? Students learn about the SENSEational trout by investigating how our senses compare to those of a fish.

*Experienced environmental educators lead all programs. Teachers are sent an information package before they arrive to prepare them for their visit.*

### ADD ON ADDITIONAL ACTIVITIES

#### FISH FEEDING [\$50]

**15 MINS**  
**Indoors** | Take a behind-the-scenes look at what it takes to raise over a million trout in the Fish Hatchery – including a hands-on experience feeding thousands of trout all at once!

#### HALF DAY PROGRAM \$250

*Persons with severe fish allergies are not recommended inside the Fish Hatchery. Closed shoes recommended (i.e. runners).*

**EXTEND YOUR ADVENTURE!**  
By adding additional activities to your program.

#### BUILD A HABITAT [\$65]

**45 MINS**  
**Indoors** | Discover what a fish needs in a healthy aquatic ecosystem as you create a fish habitat together as a group.

*Prices are for classes of 30 students (maximum). Program cost includes admission to the Discovery Centre.*

**ADULT SUPERVISORS REQUIRED.**  
**MANDATORY RATIO OF 1:6.**

#### NATURE SENSE [\$75]

**45 MINS**  
**Outdoors** | Connect with nature using your senses on a guided walk through Pearce Estate Park.

1440-17A Street, SE  
CALGARY, AB T2G 4T9
