

BOW HABITAT STATION 2021-22

# Grade Two Program

Through inquiry and exploration, our programs encourage students' curiosity while supporting Alberta Education's Programs of Study.

## INSECT DETECTIVES (HALF-DAY PROGRAM)

**2.5 HRS**  
**Indoors/  
Outdoors**

Learn about Alberta's smallest critters! What's the difference between an insect and a spider? Uncover the different life cycles of some of Alberta's smallest critters and the characteristics that separate them through indoor activities using microscopes and an outdoor nature walk.

*Experienced environmental educators lead all programs. Teachers are sent an information package before they arrive to prepare them for their visit.*

### ADD ON ADDITIONAL ACTIVITIES

## FISH FEEDING [\$50]

**15 MINS**  
**Indoors**

Take a behind-the-scenes look at what it takes to raise over a million trout in the Fish Hatchery - including a hands-on experience feeding thousands of trout all at once!

## 2.5 HOUR PROGRAM \$250

**AVAILABLE SEP, MAY, JUN**

**EXTEND YOUR ADVENTURE!**  
By adding additional activities to your program.

*Prices are for classes of 30 students (maximum).  
Program cost includes admission to the Discovery Centre.*

**ADULT SUPERVISORS REQUIRED.**  
**MANDATORY RATIO OF 1:6.**

## BUILD A HABITAT [\$65]

**45 MINS**  
**Indoors**

Discover what a fish needs in a healthy aquatic ecosystem as you create a fish habitat together as a group.

## NATURE SENSE [\$75]

**45 MINS**  
**Outdoors**

Connect with nature using your senses on a guided walk through Pearce Estate Park.

## WETLAND WONDERS [\$75]

**45 MINS**  
**Outdoors**

Have buckets of fun as you marsh dip in search of the invertebrates that live in the Ducks Unlimited Canada Marsh. Rubber boots recommended.
